The Percy Priest Hybrid and Striper Club ("the Club") is an organization of persons who enjoy fishing for Striped Bass and Hybrid Striped Bass on reservoirs and rivers in Middle Tennessee. The Club promotes the free and open exchange of information relating to fish behavior, fishing tackle, techniques, and when and where fish have been caught or lost. Through social gatherings, educational seminars, conservation projects, "members-only" and "open" fishing tournaments, the Club's primary purposes are FELLOWSHIP and FUN.

But it is all about making fishin' buddies and...

Email from Janis regarding the Jan 17th meeting agenda:

David Roddy, Biologist at the Springfield Hatchery will give a 20 minute presentation on the hatchery process which will include a slide show.

2008 Dues should be paid prior to voting.

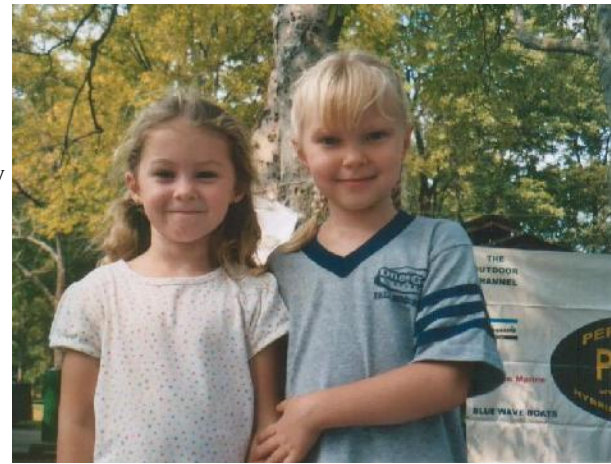

Those who do not have an email address may add \$5.00 to their dues if they want the monthly minutes mailed to them.

We have unfinished business to take care of since a Secretary was not elected in November. Sec. duties include assisting the President and supporting the business of the club.

There is a motion and an amendment concerning Fish-Off monies and the Conservation Fund to be voted on.

A vote will be taken to allow David Wilson to move the bank account to a more favorable location for him, as Treasurer.

The Tournament Committee will have the T. schedule for 2008 for the club's consideration. We may have to vote on the first T. and complete the vote at the Feb. meeting depending on the time. **Janis Foster**

Braggin' rights on the catch!

Recent CONSERVATION Activities

The Club had voted to give a check to the Springfield Hatchery in the amount of \$400.00 to assist in buying a hatching tank. Todd St. John received the check.
